

Smoked Salmon Boats

- 1) Separate leaves out of Belgian endive (use like little boats).
- 2) In each little "boat" put a little bit of goat cheese, or cream cheese, or boursin, or something soft like that.
- 3) Top that with a little piece of smoked salmon.
- 4) Squeeze a little lemon juice over the salmon and top it with 2 or 3 capers and some very finely chopped red onion.
